

The Auberge Internationale de Québec : a new star!

Quebec City, March 17th, 2009: The biggest HI hostel in Canada was certified 4 stars according to the classification' scale determined by the Corporation of the tourism industry of Quebec (CITQ).

In 2009, all youth hostels, tourist's homes, resorts, hospitality villages and educational institutions are now classified from a 0 to 5 stars scale instead of the previous one of 0 to 3 stars.

After the CITQ's audition, our hostel has been classified 4 stars, which means that the establishment has superior facilities and offers a wide range of services and amenities.

Until now, we are the only 4 stars hostel in the province.

Bravo and many thanks to all the Auberge Internationale de Québec's team, which made it possible for us to reach the highest level of quality.
